ABOUT ME

2021 - 2023

About me.

My name is Isa, I have been in the field of Front-End web development for more than a year. To develop the user interface and website development in general, I use the popular React.js framework. I have experience working with commercial websites, such as Commerce.js. I'm currently studying Typescript and Next.js to develop my programming skills.

About my site

2022 - 2023

About my sites. (Netlify App)

I want to tell you about my project (about a website). I used React.js and Commerce.js for development. A site about an online store of various accessories and electronics (Smartphones, Watches, MacBooks, etc.). For the styles I used module.css and a little Bootstrap.

About my sites. (Vercel App)

2023 - 2024

This project is also an online store but developed in Next.js Typescript, MongoDB, Prisma, Stripe, FireBase, for styles i used Tailwind. But there are a lot of functional parts, the site is designed for pc and for tablets

About Education and skills

2021 - 2023

About education and skills.

in the first year of 2021, I began to be interested in programming and entered the Tech Academy (in the field of Front End Developer).I graduated from the academy and received a certificate in 2023.

🔗 Link to my electronic certificate: <https://www.tech.edu.az/certificate/2023TAAZ00409/>
